WHICH IS THE BEST 25¢ MOTOR OIL?
HERE ARE 3 ANSWERS!

Each of these motorists tested Gulf-lube against well known 25¢ oils—Read what they discovered!

"GULF-LUBE TOOK ME 157 MILES FARTHER BEFORE A QUART WAS CONSUMED."

Mr. J. P. Cochrane, Waban, Mass. - Chevrolet owner.

"GULF-LUBE WENT 74 MILES FARTHER BEFORE I HAD TO ADD A QUART."

Mr. L. T. Law, Atlanta, Ga. - Plymouth owner.

"GULF-LUBE TOOK ME 226 MILES FARTHER BEFORE MY OIL-LEVEL DROPPED A QUART."

Mr. T. W. Davis, Winston-Salem, N.C. - Ford owner.

Each of these motorists made two trips to some distant point

FIRST TRIP—each used one of the well-known 25¢ motor oils.

SECOND TRIP—each used Gulf-lube. And Gulf-lube took each of them many miles farther before a quart was consumed!

Want to use less oil between changes? Switch to Gulf-lube—the oil that also has 3 other famous 25¢ oils in AAA "high mileage" tests at Indianapolis. Watch it cut your oil costs 25¢ a quart. *Plus tax.

GULF-LUBE...the "high mileage" motor oil

"You earn your wages"

THAT handy servant, the telephone, is a go-getter. He chases after groceries, runs to the drug-store, carries messages here, there and everywhere, and only asks a few cents a day as his wages.

It does not matter who you want or why, whether it be day or night, storm or sunshine. Lift the receiver to order a loaf of bread—casually call a friend for a brief chat—or speed a frantic summons to the doctor, it is all in the day's work to the telephone.

If you are trying to get along without a telephone in your home, it will pay you to investigate the small cost, and the different types, of telephone service.

You will then very likely agree with most folks—who believe it costs more to try to do without telephone service than it does to have it.

For information, just ask any of your friends with the telephone company, or call at the telephone Business Office.

J. C. Phillips killed a mad dog this week in his yard, having just received a telephone message that the dog was coming that way.

The dogs reported bitten by the rabid animal were one for Curt Brandon, one for Toy Brandon, and another dog belonging to T. Nesbitt and Odell Orr. The men of the community donated necessary funds to send the dog's head to a laboratory for analysis. The report from headquarters was that the dog was mad.

The Pleasant Grove Epworth League will hold its annual ice cream supper next Saturday night on the lawn at Lucian Grogan's, one mile East of South Howard school-house.

Miss Radford, of near Lebanon church, spent a few days last week with her aunt, Mrs. Minnie Smitherman.

We noticed in last week's Ledger & Times that South Howard's ball team wished to play with other teams, especially on Saturday afternoon. We understand this team plays on week days and that Dennis Boyd, on whose field they play, specified no Sunday playing.

Born to Mr. and Mrs. Dewey Grogan last Saturday night, a daughter. Their four other children are sons.

The community was well represented at the children's day services at Hazel Sunday evening. The youngsters showed careful training.

J. L. Ellis, of Cunningham, Ky., and Glen Doran, of Murray, spent last week with their Grandmother Ellis.

A fine Children's Day program was reported at Mason's Chapel Sunday afternoon, and was followed by an instructive talk by Judge E. P. Phillips. It would take too much space to give names of all those who attend from this community.

Mrs. Dolly Haley, and children, of Locust Grove, visited her parents, Mr. and Mrs. Jeff Cooper, last Thursday.

Mr. and Mrs. Huse Paschall and children, Martha and Charles, visited Mrs. Paschall's parents, near Jones' Mill, last week.

SALES TAX

In last issue in "Jots by Joe," you say that Tom Turner won't turn on the sales tax or any other thing else about which he has made up his mind.

I appreciate your remarks in a way, but I hope you do not attribute my stand to plain stubbornness but that my mind is made up from a sense of duty as I represent all classes of people and not simply a profession.

The sales tax as passed in the House saves the merchant as he

will have to pass it on, except the border business which will go across the line. Hazel will have to move to Tennessee.

Many merchants have quit the fight because it is passed to the consumer. The sales tax is not the only way except those who will not place tax on whiskey, incomes, and follies and will relieve large corporations from paying real estate taxes and above all to kill the sales tax passed in 1930 which places a tax on merchants in proportion to the volume sold and was not passed on to the consumer.

A vote to recommit the whiskey tax was a vote to make an excuse to vote the sales tax, a vote to hold the income tax in committee was an excuse to vote for a sales tax.

A vote to reduce real estate tax

for state purposes was to release large land owners from roads, telephone, gas and oil lines from this tax and place it on the consumer by the sales tax but none of the above mentioned corporations buy at retail. These large interests including the distillers are for the sales tax. Watch the big interests dodge paying the sales tax.

This is not a fight between Ben Johnson and Ruby Lafoon, but between the buyer of the necessities of life who have to spend every dollar they get at retail and the large interests who own the state who would place the burdens of protection of their properties upon the bent backs of the men and women who toil each day for their living.

If the sales tax passes and proves good, the credit should go to those who passed it, if it does not pass many will not know its real burdens. I hate its principles like sin. I would kill it like Cecil Valentine killed the rattlesnake.

The schools will not close, regardless. Only practice such economy as is necessary in your business as should be in all governmental affairs. This old ghost of closing Morehead and Murray schools will be stronger when the private colleges see the enormous expenditures by the state. Reasonable demands are just demands. The Sales Tax is a hold-up on the installment plan. When you buy clothing for the family or the necessary food for the day, three cents off of the dollar from those who do not benefit. IT IS WRONG!

Dr. Richmond Assailed

Dr. James H. Richmond has been the subject of disparaging editorial comment by that newspaper which is consistent only in adherence to its role of criticaster. One paragraph of an address before the St. Louis High School Teachers Association was lifted out of the speech and made the basis of insinuations that the head of the state school system is a dangerous radical.

The "incendiary" utterance is as follows:

"That every nation of the world is headed for some form of collectivism is apparent. Practically all the essential features of laissez faire have long been violated. There is nothing essentially new in the 'new deal' except the accelerated pace made necessary by the depression. The government has long been engaged as an employer, as a regulator of the economic system, and as a banker, and in the future it will operate in these and other fields to an even greater degree. It is no longer a question of turning to the right. We are going left and the problem becomes that of determining how far left and by means of what political and governmental organization. We do not want Russian Communism, Fascism or Hitlerism. We want a form of collectivism that peculiarly fits the needs of America and that will preserve the best elements of our traditional democracy. Our educational program should aid young people to analyze economic, social and governmental trends and prepare them to direct this evolving collectivism."

That is the statement upon which Dr. Richmond stands accused, as the advocate of a dangerous educational philosophy. We fail to see anything in the assertion to get excited about or on which base charges published in the "Point of View."

columns of the truth. The publication in which it is charged that Dr. Richmond entertains a fixed purpose to teach Communism to the students.

The collectivism to which Dr. Richmond referred is that type of governmental activity exemplified by the great sociological experiment being initiated by the Tennessee Valley Authority, an undertaking which the criticaster publication has lauded. Collectivism is exemplified in such phases of government experimentation as the NRA and the various Agricultural Adjustment Act measures which seek to restore the economic stability of the American farm population. We search in vain for a thought that may be interpreted as treasonous, or justifying setting out on a "witch hunt" as did those intemperate bigots whose inflamed imaginations created the sordid incident which is recorded as the "Salem Witchcraft."

Yet the intemperate and inflammatory charges evoked by a contributor to the "Point of View" column brands the state superintendent of public instruction as a Communist and an atheist. The only substantiating evidence of these grave charges is that contained in the paragraph quoted above from Dr. Richmond's speech. It is not evidence on which one would convict a dog.

The charge of atheism brought against Dr. Richmond by the "Point of View" contributor will not be convincing to those who were members of the Sunday school class which he taught for 19 years or to those members of the Christian church congregation which he has served as elder and lay leader.

The accusations are so preposterous as to discredit the accusers. But the "Point of View" which was based on the brief editorial quotation from a single speech reveals how meagre a point often creates a point of view. Richmond Register.

Ford Ranks First In Passenger Cars

Ford led all other makes in sales of passenger cars during the first four months of 1934, according to official tabulations of motor vehicle registrations throughout the United States just issued by R. L. Polk & Co.

Total Ford registrations of new passenger cars in the four-month period aggregated 162,788 units out of a total of 552,316 new cars of all makes registered in the United States in this period.

The Ford total of registrations of passenger cars, commercial cars and trucks during the same four-month period was also in the lead.

CAMP MURRAY CHATTERS

By Wm. M. Martin, Jr.

The first of a series of conservation talks was made on last Wednesday evening by E. H. Ashbrook, camp superintendent. Mr. Ashbrook explained the position of the administration on that subject and touched on the work of the forestry camps of the C. C. C. A program is now in progress to effect the conservation by proper selection in the forest and more careful methods of cutting and logging. Much work occurs also in certain milling processes and all of these steps in lumbering are being made the subject of careful study by both federal and state foresters in an effort to effect the preservation of our forests. At present the demand on our lumbering resources far exceeds the replacement. It is the aim of this bureau to correct this condition which in a few years may become serious.

Mr. Ashbrook also explained the part erosion control was playing in the conservation program. The benefit derived by the landowners, whose property is reclaimed is only a part of the accomplishment of these projects. Erosion control is a step in flood control and the proper drainage of a given area will materially lighten the work of dredging and clearing of navigable streams. In certain areas in this section erosion has reached the stage of depositing great quantities of "dead" soil on once fertile bottom lands and rendering some of this land practically useless.

This series of talks is a definite part of the educational program of the camp for forestry and erosion control are paramount from a vocational point of view in the lives of many of the enrollees. A great majority of the men here at present will return to the farm as a vocation. In the course of the average enrollees' term at this camp he will have participated in the various steps of erosion control such as sloping, dam building, tree setting, etc., so as to have acquired a working knowledge of these steps.

Morning worship was conducted by the Rev. J. E. Skinner, of the First Baptist church. Dr. Skinner conducted a very inspiring service and extended an invitation to the enrollees and staff to attend the revival meeting at that church which is being conducted by the Rev. Horton of Mayfield.

Much enthusiasm has been aroused over the inter-barracks soft ball tournament which has been in progress during the past week. The completion of the first series finds the team of the First Section, which is captained by Enr. Hershell Hoskins, in the lead. The captains of the other teams are as follows: Second Section, Fred Goodman; Third Section, James Walker; Fourth Section, Amos Jones.

The Camp team has had a busy schedule during the past week. They defeated the team of the Post Office twice and were defeated by the team of the Post Office.

RECEIVED, Procurement Division, Public Works Branch, Washington, D. C. Sealed bids, in duplicate, subject to the conditions of Executive Order No. 6546 dated March 14, 1934, will be opened at this office, at 2 p. m., June 21, 1934, for painting, plastering, etc., in the postoffice at Murray, Ky. Specifications may be obtained from the custodian of the building, or at this office in the discretion of the assistant director of Procurement, Public Works Branch, W. E. Reynolds, Assistant Director of Procurement, Public Works Branch, J16.

ferred by the Model Cleaners. They are working hard this week, however, and are looking forward to the trip to Camp Trigg at Cadiz with the utmost confidence.

A new field of athletics promises to become popular in Camp Murray in the near future. The volleyball court has been completed and is already a popular place on the athletic grounds of the camp. Barracks teams are being organized and inter-barracks matches will begin in a few days.

Foreman W. H. Hardin, Jr., has been transferred to Camp Trigg. Mr. Hardin was a popular foreman among the enrollees and staff here and we wish him success at his new station.

Overbey-Howard Marriage In California

A marriage of much interest
here is that of Miss Sarah Eliz-
abeth Overbey to Edward Howard
which took place last Sunday
afternoon at five o'clock in Glen-
dale, California. The wedding
ceremony was read on the lawn
of Mr. and Mrs. Edward P. Fre-
nald in the presence of relatives
and friends. Miss Vivian Frenald
was maid-of-honor and Mrs. Ed-
ward Frenald was matron of
honor. Immediately after the
ceremony they left for a wedding
trip to San Francisco and points
up the coast.

The Bride Is an Attractive Beauty

the daughter of Mrs. L. M.
Overbey, North Fifth street,
Murray, Kentucky, for the past two
years with her aunt. She is a
graduate of Murray High school,
Dorian's Junior College, and the
Glendale Junior College.

The bridegroom is the eldest
son of Mr. and Mrs. B. J. Stagner,
of Glendale and is connected with
the Glendale Press. They will
make their home in Glendale.

Mrs. Howard was guest of honor
at many social functions prior to
her marriage.

Brown-Phillips Wedding Announced

A marriage of much interest
to their many friends was that
of Miss Madeline Brown to Hugh
L. Phillips, which was solemnized
Thursday evening, May 31, in
Vienna, Ill. Miss Allie Brown, a
sister of the bride, and Hoyt Swift
were the only attendants.

Mrs. Phillips is a very attrac-
tive daughter of Mr. and Mrs. T. N.
Brown of Alamo. She was gradu-
ated from Alamo High school this
year and was very popular with
her classmates.

Mr. Phillips is the son of Mr.
and Mrs. George Phillips, also of
Alamo. He was graduated from
Alamo High school this year and
was an able and popular leader in
student activities.

Mr. and Mrs. Phillips will reside
in Murray and the former will at-
tend Murray State College.

Thousands of Women Benefited By Cardui

row, and tired. I had a lot of
trouble with my bowels. Cardui
each time and found it so help-
ful. Cardui did more to allay the
nausea at these times than any-
thing I have ever used. I am in very
good health and believe Cardui did a lot
of good for me. I would recommend
Cardui to all women who have trou-
ble with their bowels. It is the best
benefit you can get."

COX Family Honored Sunday

Mr. and Mrs. Anderson Cox and
son, Jimmy, of Hardin, left Mon-
day, June 11 for Morrill, Maine, to
reside.

On Sunday all of the members
of Mrs. Cox's immediate family
spent the day with them. At the
noon hour a bountiful dinner was
spread and enjoyed by all.

The honorees were the recipients
of practical "going-away" gifts.
En route they will make a short
visit with Mr. and Mrs. D. E.
Higgins and children, Monte and
Barbara Ann, of Indianapolis, Ind.
Mrs. Higgins is a sister of Mr.
Cox. Both families expect to ar-
rive in Maine by June 15.

In the afternoon ice cream and
cakes were served, and pictures
were made.

Those present were:

Mrs. Cox's parents, Mr. and Mrs.
Nazel Edwards, her two sisters
and families, Mr. and Mrs. B. J.
Stagner, and Mr. and Mrs. B. J.
Stagner and daughter, Martha Jean;
her two brothers, Toy Edwards,
Mr. and Mrs. Henry Edwards and
children, Hughes and Patricia, and
one visitor, William Caldwell, of
Paducah.

Late in the afternoon all ex-
cept Mrs. B. J. Stagner and Mar-
tha Jean left, wishing them happi-
ness and that they would soon re-
turn. Their health and back in
Kentucky to live. Mrs. Stagner
and daughter accompanied them to
Hardin Monday morning where
they left on the bus.

James Bishop Accepts Position

James Bishop has accepted a
position with the Cox Manu-
facturing Co., of Gainesville, Ohio,
and will begin his duties there in
about two weeks. James is visit-
ing his parents, Mr. and Mrs.
C. A. Bishop, West Olive street,
this week and will leave the first
of next week for Fort Knox where
he will take two weeks' training
before going to his work.

James received his degree from
the University of Kentucky this
spring where he made an enviable
record in scholastic work in the
field of engineering, and was out-
standing in fraternal orders and
in military training. He spent
two weeks in the S. A. E. Frater-
nity camp on the Kentucky
River before visiting here. His
new position is in the field of
engineering and is with one of the
largest companies manufacturing
venering machinery.

County Teachers Being Examined

Several of the county's school
teachers have already complied
with the requirements of the re-
cent ruling of the county board in
that they have been submitted to

Outland and have received their
health certificates. Those teachers

Rabies Costs Shown In Thomas Family

The cost of rabies and the har-
boring of stray dogs is shown by
the actual cost in money, loss of
time, and loss of livestock in the
family of L. C. Thomas, of near
Martin's Chapel.

Several weeks ago the family dog
went mad and was known to have
bitten a cow. The cow was lost
after treatment and a second one
that received a treatment later
went mad and Mr. Thomas lost
both cows. In treating the cows
and being around them Mr. Thom-
as thought it necessary to treat the
family. Mr. and Mrs. Thomas, son
and daughter are taking treatments.

Mr. Thomas lost the cows, treat-
ment of cows costing about \$6, and
treatments for the family costing
over thirty dollars for medicines
alone.

Rabies cost not only in dollars,
loss of time, and livestock but in
mental anxiety. At present an em-
ergency is declared by the county
board of health and the county of-
ficials are cooperating in the move
to get rabies under control.

The cost to the county would be
hard to estimate but the livestock
loss will run into hundreds of dol-
lars according to veterinarians and
the cost of treating persons will
probably run as high as over 20
have been treated. Everyone is
asked to keep dogs up and take
every precaution.

ELECTRIC REFRIGERATORS
Small Down Payment
Easy Terms

THRIFTY home managers have found that Electric Refrigeration more than pays for itself. Food dollars go further. It is almost like getting an increase in the household budget. There is less waste from spoilage as foods are kept fresh four to five times longer. Left-overs can be kept for days and made into appetizing dishes. Bargain day specials may be bought and kept with the assurance that they will be fresh when needed.

When you consider that one out of every four dollars the average family spends goes for food and that, of this, ten cents out of every dollar is wasted, you can readily see that Electric Refrigeration is an economy—not an expense. Why not learn today how you can save with Electric Refrigeration?

Four Teams Tied For First in Softball Tilt

(Continued from Front Page)

ed up" as Model Cleaners in seventh defeated the Vandeveldes tied for third, 14 to 9, and the Rexalls pulled up into a tie with the first-place Jones team with a 11 to 9 victory. Friday morning only two and half games separated the first and last place clubs.

Oddly short fielders' work decided both games Thursday night. Benie Maddox tried to cover too much territory for the Vandeveldes and outfielders pulled the Alphonsos and Gaston act enough times to give the Cleaners the victory.

In the night-cap, Tom Rowlett grabbed certain hits to start a double play with runners on second and third and only one out in consecutive innings to nip Jones Drug raffles. Rowlett's two catches were positively sensational, one right on the ground and the other a hard line drive over his left shoulder. In both instances, the baserunners were fast in motion as they deflected the blows certain hits.

The three additional lights, which incidentally blew a couple of fuses and delayed the opening game about 30 minutes, was a great aid

to the outfielders and more sensational catches were turned in Thursday night than any other June this season. The outfield work in the leaves has improved sensationally within the past two weeks.

Model's early lead was too much for the Plumbers. The Cleaners scored four in the first and three in the second before the Vandys counted two in the second. From there it was nip-and-tuck. Hits were even but the cleaners were a little more alert in the field.

Jones started their new pitcher, Purdom Outland, who had a world of stuff on the ball and held the rival "druggists" well in hand until the third when Boody Russell slugged a home run with the bases loaded to give the corner pill rollers a lead they never relinquished.

The Joneses pushed over a trio in the third and then were held scoreless until the sixth by Frank Stubbfield. They made a threatening gesture in the ninth with a quartet of runs but Gingles Wallis took a called third strike to end the rally and the game.

Friday Night

Rexall took a lead in the Murray softball league Friday night by defeating the Bank of Murray team 10-3. The highly favored Rexalls won by one score due to four home runs and the turning of long hits into extra bases. Williams, Dr. Russell, F. Stubbfield and V. Stubbfield all swung for homers while Yarbrough counted one homer for the bank with one on in the seventh to tie the score.

In the second what a game! Parker Brothers garage stepped up a notch to tie the Jones for second place with 4 wins and two losses. Parker Brothers scored at ease taking extra bases on long hits due to the poor play of the Vandy team and counted 25 runs to 10 for the plumbers.

Monday Night, June 11

Parker Brothers' Garage slipped up to tie for first place Monday night in their defeat of the Ledger & Times 16-1. The first three innings found the Greasers leading but the fourth saw the News Hawks blow up to allow nine runs and were in little better condition for the fifth when they let in six.

The LIGHT THAT EVER BURNS

Even though the life of a dear one may be extinguished, yet its memory is like a light that shines forever. We, whose chosen duty it is to serve in the hour of sorrow, realize in a sympathetic manner, the desire of the family to perpetuate that memory with a final ceremony that is dignified and beautiful.

And it is the accomplishment of this organization to render that type of service—regardless of the sum expended.

HOME CLEANING IS DANGEROUS!

Reflexions: O—Miss Mary A. Christie was fatally burned when cleaning fluid exploded, showering her with burning fluid as she was cleaning wearing apparel on the small back porch of her home. She was found lying on the ground in the back yard. All of her clothing had been burned off, with the exception of her shoes.

Story after story reads like this one, many not as bad but all entail property loss and risks of life.

The charges of your cleaner are reasonable and such exposure to danger and risk of property is unwarranted.
